

## JOVEN

90% Tempranillo 10% Viura

Our youngest wine is bottled in its first year to preserve the freshness and original fruit flavors of our grapes.

“Vino Joven” is characterized by the intense violet colors and fruity aromas of the tempranillo grape. Clean and elegant, these mature young wines are astonishing to the nose and mouth.

Enjoy at 12 to 15 digress Celsius (55 to 58 degrees Fahrenheit).
